

# www.TheComputerBoy.com

## YOU NEED A WEBSITE

There are over 201 million website names registered throughout the world. Whether your business has

10,000 employees or just one, if you don't have a website you're losing business to companies that do.

TheComputerBoy.com's hosting and design services can get you online today for about \$5 a month.

Don't fall behind any more. Contact us today.

*“ Need computer help? Check this out...a trust worthy and all around nice guy! No question too big or small. –Nicole Stone ”*

TheComputerBoy.com can help with your computer, website or technical needs. From obtaining a domain name and building your first website, assisting with the purchase and setup of a new computer or setting up and securing your WiFi network at home, we are here to help.
